

Visit to Dalian Ocean University

Tomoji Takamasa, Dean of the Graduate School of Marine Science and Technology, and 7 other university officials visited China's Dalian Ocean University on the 16th October, 2011.

During this visit we presented our university's program that was adopted in FY2010 by the Ministry of Education, Culture, Sports, Science and Technology as part of its Program for Advanced Professional Training through Japan-China-Korea Interuniversity Exchanges to Yucai Hu, Assistant Principal of Dalian Ocean University and other officials and we exchanged opinions about academic exchange between the two universities focusing on the reception of exchange students at our university.

We hope that this visit will lead to further expansion and development of academic exchange between the two universities.
