

## Visit to Korea Maritime University

Professor Shuichi Satoh and Associate Professor Daisuke Watanabe, along with 5 other university officials, visited Korea Maritime University on the 26<sup>th</sup> October, 2011. Our university entered into an international exchange agreement with Korea Maritime University in 1997 and has since been cultivating academic exchange.

During this visit we presented our university's program that was adopted in FY2010 by the Ministry of Education, Culture, Sports, Science and Technology as part of its Program for Advanced Professional Training through Japan-China-Korea Interuniversity Exchanges to Professor Kong and other Korea Maritime University officials and we exchanged opinions about academic exchange between the two universities focusing on the reception of exchange students at our university.

We hope that this visit will lead to further expansion and development of academic exchange between the two universities.
